## ANSWER

A: Commander, Naval Facilities Engineering Systems Command Memorandum 11262 Ser 00/155 of 17 Aug 22 advised that NAVFAC P-307, Weight Handling Program Management, no longer applies to facilities construction contracts, which are defined as contracts that involve construction, alteration, or repair (including dredging, excavating, and painting) of buildings, structures, or other real property. The NAVFAC Design and Construction Business Line (DCBL) is now responsible for WHE policy for and administration of facilities construction contracts.
